Raj Devendar

Software Developer & Computer Engineer

- **Phone:** +91 9172140510
- **Email:** raj7777777devendar@gmail.com
- **Location:** Mumbai, India
- **LinkedIn:** linkedin.com/in/raj-devendar
- **GitHub:** github.com/raj7devendra
- **Portfolio:** raj7devendra.github.io/MyPortfolio

Professional Summary

A detail-oriented Computer Engineering graduate with hands-on experience in full-stack web development and server management. Proficient in developing web applications and deploying them to various server environments. Eager to apply a strong foundation in software principles and a passion for problem-solving to a challenging software engineering role.

Skills

- **Languages:** Java, HTML5, CSS3, SQL (Basic), Bash
- **Tools & Technologies:** Wordpress, Shopify, Selenium, Git, VS Code, FileZilla, Putty.
- **Deployment & Hosting:** Server Procurement & Management (cPanel, aaPanel, Cloudways), DNS Configuration, API Deployment & Troubleshooting, Terminal (SSH)
- **Design & Prototyping:** Figma, Adobe Creative Suite (Photoshop, Illustrator)
- **Soft Skills:** Team Collaboration, Problem-Solving, Communication, Project Management

Professional Experience

Software Developer | Intelloger Software Pvt Ltd
Mar 2025 – Present
- Develop responsive front-end components and deploy full-stack web applications for clients.
- Manage the end-to-end deployment process, including server procurement, API setup and configuration on platforms like cPanel, aaPanel, and Cloudways.
- Perform server administration via terminal (SSH) and FileZilla, including proactive troubleshooting and resolving server-side errors to ensure uptime.
- Handle domain lifecycle management, including purchasing custom domains and configuring DNS settings for seamless website launches.
- Collaborate with senior developers to translate Figma designs into functional, performant web pages and assist in debugging.

Marketing & Graphic Designing | Ace Educators
Jan 2022 – Jun 2022
- Created compelling visual assets for digital marketing campaigns, strengthening skills in design principles and brand consistency using Adobe tools.

Website Graphic Designer | Nibodh Educare Pvt Ltd
Sep 2020 – Dec 2020
- Designed website layouts, graphics, and user interfaces in Figma, focusing on creating an intuitive and engaging user experience.

Projects

OSVRH - Open Source VR Headset

- Engineered a high-performance, open-source VR headset prototype designed as a testbed for developers.
- Integrated a 1080p 120fps dual-display with an ATmega32U4 microcontroller and a dedicated IMU for precise motion tracking.
- Utilized SteamVR for the virtual environment and successfully established gyroscope communication for an immersive experience.
- Technologies: C++, ATmega32U4, SteamVR, USB HID

Education

Bachelor of Engineering in Computer Engineering | Ideal Institute Of Technology
2021 – 2024
- CGPI: 6.47

Diploma in Computer Engineering | Thakur Polytechnic
2018 – 2021
- Percentage: 87%

Languages

- English (Fluent), Hindi (Fluent), Marathi (Fluent), Tamil (Conversational), Gujarati (Conversational)
